

THE NATCHET TAYLOR BAND

Howling wildly onto the music scene, The Natchet Taylor Band carries on that raucous and time-honored Texan story-telling tradition; commingling modern tunes with old-school tones, songbird sinew with weary bones, Chuck Taylor shoes and cowboy boots, branches tall but not far from the roots. Pouring up 90-proof servings of traditional honky-tonk-dancehall country, Americana, cosmic cowboy blues, folk, and rock; The Natchet Taylor Band craft an irresistible sound fit to reverberate the rafters of dive bars and grand theaters alike.

Fronted by Natchet Taylor, the gravel-voiced singer/songwriter from Austin, Texas, the band shies away from being put in any one box.

“To me, it’s all about the songwriting,” Taylor says. “If a song takes flight and strikes that chord, I don’t much care what genre it is. If a song is great, it can transcend being labeled.”

Starting off as a solo/acoustic/singer-songwriter act playing in the US and Europe, Natchet, having recently relocated to the Iberian Peninsula from Texas, quickly added some local Barcelona heavy-hitters into the fold with singer/songwriter/producer Jules Bastrup on guitars, local legendary drummer Jordi “Randy” Olle, and 4-string outlaw Alfons Foriscot handling the low-end duties.

The Natchet Taylor Band is a rising star in the darkened indigo sky of the Barcelona music scene and are currently playing out and working on their debut Americana/honky-tonk album slated for release in 2025.
